property details

Step 1

Assess the possibility of acid sulfate soils disturbance

Question 1: Are any dewatering or drainage works (either temporary or permanent) proposed to be undertaken?

yes no

Question 2: Is excavation of 100 cubic metres or more of soil proposed?

yes no

(In lay person's terms 100 cubic metres is about 10 standard-sized dump truck loads.)

If no to both question 1 and question 2 then no further investigation is required at this stage. Please sign this form and submit it, together with a completed 'Clearance of Conditions Request' form along with supporting documentation, to Department of Environment Regulation (DER).

If yes to either question 1 or question 2 go on to step 2.

Step 2

Conduct an acid sulfate soils investigation in accordance with DER's *Identification and Investigation of Acid Sulfate Soils* guideline

Question 3: Did the acid sulfate soils investigation indicate that there are acid sulfate soils present?

yes no

If no to question 3, then no further investigation is required at this stage. Please sign this form and submit it, together with the written results of the investigation (in the form of an acid sulfate soils report) and a completed 'Clearance of Conditions Request' form and required information, to DER with a request for clearance of the acid sulfate soils condition.

If yes to question 3, please sign this form and submit it, together with the written results of the investigation (in the form of an acid sulfate soils report), an acid sulfate soils management plan and a copy of the approved subdivision plan, to DER with a request for approval of the management plan.

Note: After completion of site works in accordance with the approved management plan you will be required to submit a closure report, prepared in accordance with DER's acid sulfate soils guideline series, to DER together with a request for clearance of the acid sulfate soils condition.

Tick box for attachments as appropriate

- Clearance of conditions request form
- Copy of approved subdivision plan
- Copy of approved development plan
- Acid Sulfate Soils investigation report
- Acid Sulfate Soils management plan

Declaration

I declare that the information provided is true and correct to the best of my knowledge.

A completed 'Clearance of Conditions Request' form and required information is attached to this form (a copy can be downloaded from <http://www.der.wa.gov.au/your-environment/acid-sulfate-soils/68-ass-forms>)
