Petroleum assessment lease renewal application

FORM PAL2

This form is to be completed by individuals and companies applying for the renewal of a petroleum assessment lease.

It has been prepared in accordance with the requirements of Section 19 of the *Petroleum (Onshore) Act 1991* and Part 2 of the *Petroleum (Onshore) Regulation 2007*.

This application form must not be altered in any way. It can be either completed electronically using Adobe Reader (which can be downloaded free of charge from www.adobe.com.au) or printed.

From 1 July 2012, all titles are subject to an Administration Levy and Annual Rental Fee to improve regulation and continuing provision of pre-competitive geoscience information. New requirements have also been introduced in relation to minimum security deposits. For further information on these fees and minimum security deposits please refer to: www.resources.nsw.gov.au/info/fees

The Department's website provides comprehensive information relating to completion of applications, methods of lodgement, departmental policies, office locations, Native Title and contact details at: www.resources.nsw.gov.au/titles

The renewal application must be lodged with the Director General no earlier than five years and no later than one year before the lease ceases to have effect.

8. Checklist of items to be included with this application:

(a) The application fee prescribed by the <i>Petroleum (Onshore) Regulation 2007</i>	<input type="checkbox"/>
(b) A map or plan, drawn in accordance with the regulations, on which there is delineated the boundaries of the area to which the title is intended to apply.	<input type="checkbox"/>
An application for renewal of a petroleum title must be accompanied by a map or plan drawn in accordance with Clause 4 of the <i>Petroleum (Onshore) Regulation 2007</i> . Clause 4 states:	
(2) A map or plan accompanying an application for any other petroleum title (including a petroleum assessment lease), or otherwise prepared for the purposes of the Act, must be drawn on or overlay: (a) the Identification Map referred to in subclause (1) if the area to which the proposed title relates is larger than one block, or (b) the Department of Mineral Resources New South Wales Block Identification Map Series 3 (1:100 000) showing units, or (c) a standard topographical map or maps at a scale of 1:100 000, 1:50 000 or 1:25 000 or at such larger scale as the Minister may determine for that application, showing the co-ordinates (by reference to Map Grid of Australia co-ordinates) of all points where there is a change in direction of the boundaries of the land concerned.	
(3) In this clause, Map Grid of Australia means a rectangular co-ordinate system using a Transverse Mercator projection with zones 6 degrees wide and based on the Geocentric Datum of Australia (within the meaning of the <i>Surveying and Spatial Information Act 2002</i>).	
The name of the 1:1,000,000 map sheet and block numbers also need to be provided. Please complete the table in Appendix 1.	
Note: An application for renewal of a petroleum title must relate to only one area.	

(c) A proposed work program complying with the regulations and indicating the nature and extent of operations to be carried on under the authority of the title.

Clause 5 of the *Petroleum (Onshore) Regulation 2007* allows a work program to be prepared in two formats:

- i. A fixed agenda describing in detail the nature and extent of operations to be carried on under the licence or lease during the whole of its term, or
- ii. A two-part format consisting of:
 - a. a fixed agenda describing in detail the nature and extent of operations to be carried on during an initial period (at least the first two years) of the term of the licence or lease, and
 - b. a summary of intended operations during the remainder of the term.

If the two-part format is selected, the holder of the title must provide progressive agendas in accordance with Clause 6 of the Regulation:

- i. If the work program supporting the application for a petroleum title was prepared using the two-part format, the holder of the title must, not later than 30 days before the end of the period covered by the fixed agenda supporting the application, lodge another fixed agenda of operations for the next period of two years or for the remainder of the term of the title.
- ii. In the same way, further fixed agendas must be lodged, each not later than 30 days before the end of the period covered by the last agenda, until the entire term of the petroleum title is accounted for.

In accordance with Clause 7 of the Regulation, a fixed agenda must include details of:

- (a) the objectives of any proposed exploration, and
- (b) the methods of exploration proposed to be employed, and
- (c) the expenditure, estimated on a yearly basis, required by the relevant work program.

The proposed exploration program of work **must** contain sufficient detail to satisfy the Department that the **full area applied for will be effectively explored for the duration of the period sought**. It should include a year by year summary outlining area selection rationale, objectives and exploration activities. The following headings and descriptions should be used:

Rationale - to contain a brief (1-2 paragraph) description of area selection rationale, including significant aspects of regional geology, structures and petroleum systems.

Objectives - to include a brief description of anticipated outcomes or advances made to the project on conclusion of the program.

Exploration activities - description of proposed exploration activities. Should show conformity with stated rationale and objectives and be clearly scheduled over a minimum two year period.

(d) Evidence of the financial standing of the applicant.

Evidence of financial standing must be provided in the form of:

- a) a certificate issued by a member of CPA Australia or the Institute of Chartered Accountants in Australia (including membership number), or
- b) a statutory declaration,

Stating that the applicant has sufficient financial resources at the time of lodgement to meet the financial commitments on all the applicant's titles and title applications.

(e) Evidence of the technical qualifications of the applicant and of the applicant's technical Advisers

List details of persons or organisations providing technical advice. The name and contact details of the person who will be responsible for the supervision of prospecting operations and preparation of exploration reports (technical manager) must be provided. The qualifications and experience of the technical manager must be supplied. If this person is not an employee of the applicant, written acceptance of the role of technical manager must accompany this application. **It is expected that the technical manager will be a qualified geoscientist with petroleum exploration experience.**

(f) Evidence of the ability of the applicant to comply with the provisions of the Act and the regulations relating to a petroleum assessment lease

A statement of undertaking will be acceptable.

9. Certification

This form should be signed by the applicant/s (individuals) or an authorised representative of the applicant/s company/s, or the agent who is authorised to act on behalf of the applicant/s.

I/We certify the information contained in this application and attached supporting documentation is prepared in accordance with the provisions of the *Petroleum (Onshore) Act 1991* and the *Petroleum (Onshore) Regulation 2007*.
