

TASMANIAN LIQUOR AND GAMING COMMISSION PREMIUM PLAYER PROGRAM RULES

Effective 1 August 2016

I PRELIMINARY

- 1.1 These Rules apply to the conduct of a Premium Player Program (PPP) in any casino operating under a Casino Licence (Licence) issued under section 13 of the *Gaming Control Act 1993* (the Act).
- 1.2 These Rules are in addition to the requirements of the Act and any conditions imposed on the Licence by the Tasmanian Liquor and Gaming Commission and must be read in conjunction with the “*Tasmanian Liquor and Gaming Commission Casino Licence Rules*” as issued by the Commission from time to time.
- 1.3 Where any of these Rules conflicts with a Rule contained within the “*Tasmanian Liquor and Gaming Commission Casino Licence Rules*”, these Rules will prevail in relation to PPP related matters. For the avoidance of doubt, the following Rules will **not** apply to the conduct of a PPP – “*Tasmanian Liquor and Gaming Commission Casino Licence Rules*” 2.5, 7.1, 7.2, 7.3, 9.2, 9.4, 9.5, 9.6, 9.7, 10.1(c), 10.1(e), 10.1(i), 10.1(l) and 11.1.
- 1.4 A casino operator and their employees (including special employees) must adhere to these Rules. Failure to comply with this requirement may result in disciplinary action against the casino operator or special employee. Disciplinary action may include a letter of censure, a fine, and/or the suspension, cancellation or amendment of a licence.
- 1.5 A casino operator must ensure that a copy of these Rules is available for free public inspection and must ensure that they are enforced or caused to be enforced at all times.
- 1.6 A term used in these Rules has the same meaning as the same term used in the Act.

2 PREMIUM PLAYER PROGRAM

- 2.1 A casino operator must ensure that a PPP or aspects of a PPP which operates at a casino have been approved by the Commission and comply with the following:
 - a) Membership in a PPP must only be by way of invitation from a casino operator and the casino operator must not advertise or promote a PPP outside of the membership base.
 - b) A PPP may operate with separate arrangements for Tasmanian and interstate/overseas patrons, otherwise multiple PPPs are not permitted to be operated.
 - c) PPP membership cards, documentation and promotions must be the same for all members that reside in Tasmania.
 - d) The number of PPP members that reside in Tasmania must not exceed the maximum limit approved by the Commission from time to time.
 - e) A patron who resides in Tasmania must not be invited to join a PPP unless the patron has been a member of the Federal Rewards Club (or any replacement rewards program) for a period of at least six months and a casino can verify that the patron’s annualised expected spend amount meets the requirements to be defined as a Premium Player, as agreed by the Commission from time to time.
 - f) A patron must not be permitted to become a member of a PPP without first having their identity verified through the completion of a “100 point identification check”.

- g) Prior to admission to a PPP, potential members must declare in writing that they:
- are not currently excluded from gambling anywhere in Australia;
 - have control over their gambling; and
 - have the capacity to sustain the level of gambling required to become a member of the PPP.

Where any of these declarations are not in the positive, patrons must not be admitted as a member of the PPP.

- h) A patron must also declare whether they have previously been excluded from gambling anywhere in Australia. Where a patron has previously been excluded, the Responsible Gambling Manager must gather evidence to substantiate that the patron is currently in control of their gambling behaviour before the patron is admitted as a member of the PPP. Where such a patron is admitted to the PPP, there will be a higher level of oversight under the player monitoring framework required under Rule 7.1.
- i) Copies of all 100 point identification check documentation used to identify a PPP member, the application form and accompanying declaration must be retained by the casino operator for a period of six months after the expiry of the patron's PPP membership.
- j) A member of the PPP is not permitted to also be a member of any other gambling rewards program conducted by any Tasmanian casino operator.
- k) The PPP membership of a patron who resides in Tasmania must be reviewed for renewal purposes every six months.
- Where it is identified the member has displayed evidence of not being in control of their gambling, the patron's PPP membership must not be renewed.
 - If the member no longer satisfies the definition of a Premium Player as determined by the Commission, a casino operator may choose to renew the patron's membership for a further six month period where it can demonstrate that extenuating circumstances resulted in a reduction to the patron's expected spend amount for that period. If after the further six month period the member continues not to meet the definition of a Premium Player, membership must not be renewed.
- l) PPP members must be provided with a player activity statement every six months. PPP player activity statements must clearly identify and differentiate rebates that have been accrued from gambling and non-gambling activities. Player activity statements must show the amount, in dollars, of any expenditure on gambling during the statement period.
- m) PPP members must be sent self-exclusion and responsible gambling information that incorporates the name and telephone number for the Gambling Helpline at least once every six months.
