APPLICATION CHECKLIST (Incomplete applications will not be accepted).

- The application form has been signed by transferor and transferee. For partnerships, all partners must sign. For companies, the person authorised to sign on behalf of the company must provide their full name, position in company (e.g. Director) and affix the company seal.
- The Charter Fishing Boat licence is current and all outstanding licence fees have been paid.
- I have enclosed payment, or provided credit card details for payment, of the transfer application fee.
- I have enclosed the current charter fishing boat licence.
- I have enclosed the original recreational fishing fee exemption certificate (if current).
- I have enclosed the recreational fishing logbooks and completed log sheets have been returned.
- I have enclosed a copy of the boat's NSW Maritime Authority Certificate(s) of Survey or NSW Maritime Authority Certificate(s) of Recognition & Interstate Certificate(s) of Survey (if applicable).
- I have enclosed a completed "Application for boat replacement for a licensed Charter Fishing Boat", if the transferee intends to operate a different vessel.

Charter Fishing Boat Licence Transfer Conditions

- Subject to Approval: Charter fishing boat licences may be transferred only if approved. It should not be assumed that transfer approval will be automatic on application.
- Some licences are not transferable: Only transferable charter fishing boat licences may be transferred.
- Dual Activity: NSW DPI will not approve a transfer if it will create a situation where the boat is both licensed for both commercial fishing and charter fishing (dual licensed). It should also be noted that dual licences may not be transferred. If a boat is currently licensed for both commercial fishing and charter fishing, only one of the licences may be transferred to each new party.
- Entitlements: By signing this application each party accepts that any authorisations, entitlements, endorsements or history of operations associated with the licence are transferred to the transferee on approval of the application.
- Licence must be in force: The use of a boat for guided recreational charter fishing is authorised when a licence for that boat is in force. Licences may be cancelled or suspended by notice in writing.
- Licence conditions: A charter fishing boat licence is subject to conditions prescribed in the Fisheries Management (General) Regulation 2010 and to any further conditions specified in the licence.
- Boat capacity: The transferee understands that the maximum fishing capacity of the boat cannot exceed the carrying capacity (as at 4 August 1999) of the boat relied on to satisfy the eligibility criteria for the licence, or 4 people, whichever is the higher. The carrying capacity is specified on page one of this agreement. Any breach of this condition may lead to the suspension or cancellation of the licence.
- Marine Parks: The transferee understands that holding a charter fishing boat licence to operate in NSW coastal waters does not automatically allow the boat to operate in a Marine Park. Enquiries concerning operations within Marine Parks can be made to the Marine Protected Areas Branch on (02) 4982 1232.
- Recreational fishing fee exemption certificate: Recreation fishing fee exemption certificates are non-transferable. For enquiries concerning application for an exemption certificate contact (02) 4424 7414.
- Outstanding renewal fees: A transfer will not be approved if there are unpaid renewal fees associated with the licences. All fees must be up to date prior to transfer.

WARNING – DPI NSW strongly recommends that you do not make any financial commitments in relation to the sale of a licence until you have been formally notified of the approval of the application. Please be advised that there may be outstanding fees associated with the licence which will prevent the approval of the application until all outstanding fees are paid. This transfer will not be approved if incorrect licence details have been completed by current licence holder. This transfer is not effective until approved.
