

BioBanking expression of interest

Submission of an expression of interest (EOI) is the first step to take if you are considering establishing a biobank site. The more accurate the information you provide in this form, the more likely a potential purchaser may contact you. Your details will be placed on the biobank site EOI public register. Submitting an EOI does not carry any obligations and is free of charge. If you need help completing this form, contact the BioBanking Team on 131 555 or at biobanking@environment.nsw.gov.au.

Landowner's details

Title	<input type="checkbox"/> Mr	<input type="checkbox"/> Ms	<input type="checkbox"/> Miss	<input type="checkbox"/> Mrs	<input type="checkbox"/> Dr
Last name					
First name					
Company					
ABN/ACN					
Address					
Suburb/Town					
State		Postcode			
Contact for EOI enquiries or notifications					
Name					
Phone		Mobile			
Fax		Email			
Preferred contact for credits (choose one only)					
<input type="checkbox"/> Designated email address* (please specify)					
<input type="checkbox"/> OEH to receive initial inquiries from potential buyers and forward these to the landowner					

*Note: Designated email address will be displayed on the BioBanking public register. To protect your privacy, we advise you to provide an email address that **does not include your name**. If you do not have email, you can select to use the BioBanking email address.

Proposed biobank site

Property address					
Property name					
Property address					
Town					
State		Postcode			
Approx area (hectares)		Lot and DP			
Local government area (LGA)					
Major Catchment Area (MCA)					
IBRA subregion					

Vegetation and threatened species

It is important that the information in this section is correct as prospective credit purchasers will often need to match a particular vegetation type or threatened species. BioBanking uses the Vegetation Information System (VIS) Classification. You may need assistance to determine the vegetation types on your property. An environmental consultant, your Local Land Service (LLS) office or your local council may be able to help identify the vegetation types on your property. There may be a small fee for this information.

The VIS Classification database is available at:

<http://www.environment.nsw.gov.au/research/Visclassification.htm>.

Registration is required to access the database and is available at:

<http://www.environment.nsw.gov.au/NSWVCA20PRapp/LoginPR.aspx>.

Vegetation type on my property (VIS Classification system using the Biometric Vegetation Type)			
BVT ID	Vegetation Type	Vegetation Formation	Estimated Area (ha)

The threatened species profile database is available at:

www.environment.nsw.gov.au/threatenedSpeciesApp/

Threatened species on my property (if applicable)

Signature(s) of the proposed biobank site owner(s)

- I am interested in establishing a biobank site on my property and understand that submitting an EOI does not carry any rights or obligations. I agree to the information provided here (except for my personal details) being posted on the BioBanking public register. If the landowner is an organisation this form must be signed by two people.

Lodging your EOI

Once completed and signed, send the EOI with all attachments to the BioBanking Team.

Electronically – via Email biobanking@environment.nsw.gov.au

If the files are large then a data exchange site can be set up. Contact us via the mailbox to organise this.
